

## 11<sup>th</sup> SCC-HD workshop

### “New Single Cell Sequencing Methods and Applications”

<https://single-cell-center-hd.de>

**Wednesday, November 25, 2020, 14:30-17:30 hour (opens at 14:15 hour)**

**Organizers:** Josephine Bageritz, Charles Girardot, Eileen Furlong, Karsten Rippe

**Meeting format:** The meeting will be held as a video conference. The lectures are presented in a Zoom video webinar while additional discussion with the speakers is held as a Zoom meeting in breakout rooms. These two parts have the different links given below and you have to switch between them during the meeting.

**Lecture link:** The lectures can be attended with this webinar link:

#### Notes

- During the live event, please "raise your hand" and the chair will contact you to ask your question. As an alternative, please type your questions in the Q&A module of Zoom. The chairs of the session will read them out to the speakers who will answer them directly.
- Just like an in-person conference, this is a live event. There will be no recording made available post event. Any type of video or audio recording is not permitted
- To have access to all breakout rooms feature Zoom version 5.3.0 or higher is required. The breakout rooms have a limit of 300 participants and if this is reached you might have to remain in the plenary webinar session.

November 25, 2020, 14:30-17:30 via Zoom, opens at 14:15 hour
